REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and, more remarkable, was the fact that the area burned dropped from 2,280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy - both industrial and recreational - is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area - 4,350,000 acres - is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

FIRE REPORT - 1964

The fire log for 1964 shows 23 calls, 16 of these were for brush fires, 3 house fires and 1 oil burner. 2 were out-of-town calls and 1 for lost children.

Work on the addition to the Fire House is progressing slowly.

Due to a recent ruling by the F.C.C., it has become necessary to replace our 2-way radios at considerable expense. Because of the sudden demand, we have not received our radios, but the F.C.C. has granted a six months extension of the replacement deadline.

THE STATE OF NEW HAMPSHIRE — WARRANT

To the Inhabitants of the School District in the town of Barrington qualified to vote in district affairs:

You are hereby notified to meet at the Barrington School in said district on the 8th day of March, 1965, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will vote to raise and appropriate the sum of \$2,128.22 to pay off the 1964-65 deficit as listed in the budget.
10. To see what sum the district will vote to raise and appropriate for the construction, equipment and furnishings for the addition to the Barrington Grade School and whether the district will vote to authorize the issue of serial notes or bonds upon the credit of the district

for all or any portion of the sum so raised and appropriated; and to authorize the school board to determine the terms and conditions upon which the notes or bonds shall be issued including their sale, the time and place of payment of the principal and in accordance with the municipal bond statute, N.H. Revised Laws, Chapter 72 and any amendments relating thereto.

11. To see if the district will authorize the school board to apply for and accept in the name of and in behalf of the school district any funds which may become available through any Federal or State governmental agency.

12. To transact any other business that may legally come before this meeting.

Given under our hands at said Barrington, this 16th day of February 1965.

School opened in September 1964, with several changes in the staff. Mrs. Elaine Crosby, a graduate of the University of New Hampshire, replaced Mrs. Lorraine Roller in grade two. Miss Eva Karandanis, also a graduate of the University of New Hampshire, replaced Mrs. Phyllis Andrade in grade two. Mrs. Eunice Lyndes replaced Mrs. Arlene MacDonald in grade six. Mr. William Ward replaced Mr. Raymond Middaugh as custodian.

Grade one enrolled forty pupils this school year, and this class was split up to create a combination first and second grade. These pupils are now housed in an emergency classroom located in the former cafeteria.

This year, under the able administration of Mr. McLane, the departmentalization of certain studies continues in grades seven and eight, and a Modified Joplin Plan in reading is in progress in grades five, six, seven and eight. Principal McLane and other members of the faculty have been working on a closer coordination

of curriculum which will result in recommendations for correlation of program, texts, supplies and equipment.

In September, 1965, we expect to enroll another large group of pupils in grade one, and this will create a serious overcrowding of pupils in the primary grades. To house some of these pupils in sub-standard temporary classrooms is not educationally or economically sound.

There is a real and immediate need for more classrooms to provide your children with an equal educational opportunity for each to learn to the limit of his ability. Therefore, we know that you will feel that it is important to give serious consideration to the building proposals presented to you by your Building Committee and School Board.

In conclusion, we would like to express our appreciation for the cooperation given us during the year by the Citizens, School Board, Faculty and Pupils of Barrington.

Respectfully submitted,

Ramon Martineau,
Superintendent of Schools

Bruce L. Smith,
Assistant Superintendent of Schools

REPORT OF PRINCIPAL TO THE CITIZENS OF BARRINGTON:

The school year 1964-1965 has brought many new faces into the Barrington Grade School. We now have an enrollment of approximately 250 pupils which is an increase of 43 in the last two and one half years.

This expanding enrollment points out the fact that an additional four class rooms are needed as well as a multi-purpose room which could include an auditorium, gymnasium and cafeteria. If these additions were made possible, we would be able to expand our school activities to include physical fitness, school plays, assemblies, an improved music program as well as eliminating our crowded conditions. All of these factors play a vital part in the process of educating children.

Also needed are expanded storage facilities for teachers, kitchen and custodial supplies; a larger area for a library, a principal's office and a nurse's room.

As many parents realize, we have introduced a new reading series into the first, second and third grades, and a new approach in the teaching of arithmetic in grades one, two, three, seven and eight. Both of these new programs will be completed in all grades in the coming school year, 1965-1966. With this year-to-year approach, the school staff is bringing the curriculum up to date.

In grades five through eight, the teachers are working on a new reading program called the "Joplin Plan". This program eliminates a student reading in a level beyond his abilities. Grade standards are set aside and each individual pupil is placed at a level according to his own ability. With this reading technique, the chances of a student's failure is erased providing he produces to the best of his competency.

We must all hold in mind that children are our greatest natural resource and that we, as adults, should do our utmost in providing an environment which will enable the student to progress through his or her childhood years in the most enlightening and enriching way. The way to achieve this is through complete cooperation between all of the institutions which make up our great country,

and the school is one of the most vital parts.

Respectfully submitted,
Halford P. McLane
Principal

REPORT OF THE SCHOOL NURSE - TOWN OF BARRINGTON

To the Superintendent of Schools:

The school year of 1963-64 saw many children absent because of German Measles. However, with this exception, I feel that the Barrington Grade School had a very good health report.

The school health service included a routine health inspection of each child by the nurse. The parents were informed whenever defects were found, and all of these children were seen or treated by their family physician. The success of the health program depends largely upon such cooperation as the parents of Barrington have shown.

The following summary lists the tests and examinations done by the school nurse, the defects found, the number of corrected cases, and the number of cases of communicable diseases.

Tests & Examinations		Defects		Corrections	
Vision tests	242	Vision	21	Vision	21
Hearing tests	221	Hearing	4	Hearing	1
Heights & Weights	240	Teeth	79	Teeth	126
Teeth & Tonsils	240	Tonsils	5	Tonsils	8
Inspections	485				
First Aid	49				

COMMUNICABLE DISEASES

Chicken Pox	1	Pediculosis	1
German Measles	83	Impetigo	2
Mumps	4	Infectious Hepatitis	2
Ringworm	3	Whooping Cough	3

A clinic for Tuberculosis Patch Testing was held on April 13, 1964, at which time 226 students and 11 adults were tested. There were 6 positive reactions and all of these were X-rayed. These clinics are made possible by the sale of Christmas Seals.

The annual Pre-School Clinic was held in May, and was

attended by 26 children. Each child was given a routine health inspection by the nurse. Parents were then informed of any defects noted at this time.

During the year 29 home visits were made.

I would like to take this opportunity to thank Mr. Martineau, Mr. Smith, the School Board, teachers, parents and students for their constant cooperation.

Respectfully Submitted,
Dorothy Y. Wells, R.N.
School Nurse
